Greetings!

We are looking forward to the Expo! I have shared the information about the Expo with district leadership and they too seemed to be excited...

Do you have any availability during the last week of February?

Best regards,

Angela

Greetings, Angela!

I hope is well.

With the Baltimore City 4-H Youth Expo scheduled for May 14, 2016, I would like to schedule a meeting to discuss the details and logistics.

This past Saturday, my 4-H staff and I hosted the 4-H Volunteer Policy Training, and discussed initial logistics for the Expo. During the Expo planning, the volunteers discussed competitive and non-competitive opportunities for the event. They were also led through a brainstorming process that listed fun and interactive educational and environmental activities that could be offered. Our Master Gardner Board President and I have also discussed opportunities for the Master Gardener volunteers to partner and deliver educational programming

and technical assistance at the Expo as well. I'm copying Ken Montague, Master Gardner Board President, and Eliza Cooper, 4-H volunteers from UME-Baltimore City. I'd like them to attend the meeting as well.

Please send me dates/times that will work best for you.

Greetings Beatrice and Happy New Year,

Honestly to have a club at TJEMS you have to talk with the 4-H lead there. That would be Ms. Kornegay, the lead science teacher. There are clubs already in place there, but I'm not sure what is available for your children's ages. There is a 4Hclub for learning about rabbits and chickens which will meet on Fridays that your children may be able to join.

I have cc'd Ms. Kornegay so you can email her.

You interest in 4-H is greatly appreciated and your support and participation is very welcome.

Peace,

Eliza Cooper

Subject: H4- Thomas Jefferson elementary and middle school

Good afternoon,

My name is Beatrice Cron. I am the mother of two Thomas Jefferson school students (Kindergarden and 3rd grade).

Ulysses Archie who gave me your email address told me that the school is affiliated with Baltimore city 4H.

Would it be possible to talk to you about the possibility to develop an after school club with 4H? (maybe Robotic club...) I am not sure what kind of resources 4H could provide to the school...

Let me know if we could meet or talk over the phone,

My phone number is 443-840-9134.

Thank you,

Beatrice
