Eliza,

Please find attached the information you requested on Thomas Jefferson classroom assignments.

I also have included the cost for each project activity to give the students something to work towards. Students should be involved in raising money or the class assignment as well. There are grants and other resources that they can plan for.

Special Education Department will have meal worms, cricket farms, weeding and water conservation task.

The following is a snap shot of things with budgets attached. The thought is to have 4-H clubs for each teacher and grade level to form complimentary clubs around accomplishing grade level farm assignments and goals.

### Supplies:

#### Fence Line Budget Items: Worm Farm: \$711.88

- Baltimore Toolbank Rental(s) \$150
- 30 straw bales Southern States@ \$6.50 = \$195.00

Mission: Building talent and capacity in the best interest of long term community growth.

In my observation of nature there is always a natural state of giving and receiving. Through permaculture I have learned why we must mimic this spiritual act that calls to the creative force of abundant life. Living in the gift is natural and right.

-Ulysses Archie, Jr.

**SAVE THE DATE for the Baltimore Gift Economy Chalk Festival Oct 17, 2015 We are accepting vendors, artist, school and**

**community groups for festival now. Set up an appointment today to talk about how you can become apart of this community engagement activity.**
